The Workshop began with the Introduction & Welcome of the guests. **Dr. Yogesh Sharma**, Director, B.Ed Cell, Jai Narain Vyas University, Jodhpur, gave a workshop on Talent acquisition. The Workshop was all about improving the inherent skills by an individual. Dr. Sharma also told about using their creative minds beyond their imagination for bringing out a new version of innovation. He gave some ideas to the students and asked the students to do some brain storming exercise and create some beautiful objects out of waste material.

Groups were formed among the students and a competition was held to display their creativity through their inherit talent.

Students enthusiastically participated in the competition and created beautiful objects using waste material, decorated old Pots, Poster Drawing, Lanterns, Mehandi Art and much more.

God has given everyone a gift of some kind of talent. VITT nurtures it and improves their skill to become better professionals in future.
